Kid Guard is a fast, easy, and affordable solution for busy parents to take care of their #1 priority – their kids – even if they can't find time to do the rest of their estate planning. This plan includes a **Nomination of Guardians** for physical custody, temporary custody, and financial matters, **Authorization to Consent to Medical Treatment**, **Letters to your Guardians**, **Emergency Instructions for Babysitters**, **Emergency Wallet Cards for Parents**, and a **Kid Guard Toolkit** containing additional resources to protect your children. All for a **low flat fee of \$395**. Our streamlined process means your documents can be ready in **less than 2 weeks**.

Kid Guard provides the peace of mind of knowing that no matter what, your children will be loved and cared for, without interruption, by the people you trust.
